Section 1 – Introduction

This directory provides a list of Blue Best Life Classic, Plus and Select current network of Dominion National dental providers.

The network providers listed in this directory have agreed to provide you with your routine dental services. You may go to any of our network providers listed in this directory.

Please note that some providers may have been added to or removed from our network after this directory was printed. We do not guarantee that each provider is accepting new patients. For the most up-to-date listing of providers, visit **azblue.com/FindMedicareDoc**.

To make sure that your claim is paid in full and you are NOT responsible for payment, you should use Dominion Dental providers to receive your covered routine dental services. If you obtain care from an out-of-network provider, you may be responsible for the costs. If you get a bill from a non-network provider for the full cost of dental care you have received, send this bill to us instead of paying for it. We will look at the bill and decide whether the services should be covered. If we decide they should be covered, we will pay the provider directly, otherwise, you may be responsible for the full cost of services.

If you have a medical emergency: Get help as quickly as possible. Call 911 for help or go to the nearest emergency room or hospital. Call for an ambulance if you need it. You **do not** need to get approval or a referral first from your PCP. You must use network providers except in emergency or urgent care situations. If you obtain routine care from out-of-network providers, neither Medicare nor AZ Blue will be responsible for the costs.
