## Section 1 – Introduction

This directory provides a list of Health Choice Pathway's network providers.

### Choosing your Primary Care Provider (PCP)

You will have to choose one of our network providers listed in this directory to be your **P**rimary **C**are **P**rovider (PCP). Generally, you must get your health care services from your PCP. Your Primary Care Provider (PCP) plays a crucial role in managing your health, which includes regular check-ups. Your PCP serves as your main point of contact for various medical needs, often providing care for an extended period, making it essential to choose someone you feel at ease with.

The network providers listed in this directory have agreed to provide you with your health care/vision/dental services. You may go to any of our network providers listed in this directory; however, some services may require a prior authorization. Other providers are available in our network. For more information on prior authorizations, please refer to Chapter 4 in the Evidence of Coverage (EOC).

### If you get a bill

If you receive services from an out-of-network provider, you may receive a bill. Do not pay the bill right away. Keep a copy for your records and send the original bill to Health Choice Pathway for review and processing. We will determine whether you are responsible for any portion of the cost. For more information, please refer to Chapter 7 of your Evidence of Coverage (EOC).

### Getting Care if You Have a Medical Emergency or an Urgent Need for Care

Emergency care can always be obtained from the nearest available provider, whether you are inside or outside the plan's service area.

If you need urgently needed care while you are outside the service area, or if network providers are unavailable, you may receive care from any qualified provider.

When you receive emergency or urgently needed care from a provider who is not in our network, you are responsible only for your plan's applicable cost-sharing amount (such as copayments or coinsurance), not the provider's full charge.

If you receive a bill from an out-of-network provider for emergency or urgently needed services, ask the provider to bill Health Choice Pathway. If you have already been billed, submit the bill along with any proof of payment you may have. We recommend keeping copies of all bills and receipts for your records. Health Choice Pathway will review the claim and determine whether any amount is your responsibility.

You must use network providers for routine care. If you receive routine or non-emergency services from an out-of-network provider without prior authorization, Medicare and Health Choice Pathway may not pay for those services, and you may be responsible for the full cost.

For more information, please refer to Chapter 7 of your Evidence of Coverage (EOC).
