Section 1 – Introduction

This directory provides a list of BCBSAZ Health Choice Pathway’s network providers.

Choosing your Primary Care Provider (PCP) You will have to choose one of our network providers listed in this directory to be your **Primary Care Provider (PCP)**. Generally, you must get your health care services from your PCP. Your Primary Care Provider (PCP) plays a crucial role in managing your health, which includes regular check-ups. Your PCP serves as your main point of contact for various medical needs, often providing care for an extended period, making it essential to choose someone you feel at ease with.

The network providers listed in this directory have agreed to provide you with your: health care/vision/dental services. You may go to any of our network providers listed in this directory; however, some services may require a prior authorization. Other providers are available in our network. For more information on prior authorizations, please refer to Chapter 4 in the Evidence of Coverage (EOC).

If you get a bill

If you receive services from out-of-network providers, you might receive a direct bill. Do not pay it immediately. Instead, keep a copy for your records and send the original statement to BCBSAZ Health Choice Pathway for processing and determination of your liability, if any. For more information, please refer to Chapter 7 in the Evidence of Coverage (EOC).

Getting care if you have a medical emergency or an urgent need for care

Emergency care can always be obtained in or out of the service area from the nearest available provider. When you receive emergency or urgently needed care from a provider who is not a part of our network, you are only responsible for paying for your share of the cost, not the entire cost. Request the provider to bill the plan for our share of the cost. If you’ve been billed by a non-contracted provider, submit the bill along with any payment documentation you have. It is recommended to keep a copy of your bill and receipts for your own records. For more information, please refer to Chapter 7 in the Evidence of Coverage (EOC).

You must use network providers except in emergency or urgent care situations or for out-of-area renal dialysis or other services. If you obtain routine care from out-of-network providers, neither Medicare nor BCBSAZ Health Choice Pathway will be responsible for the costs.

What is the service area for BCBSAZ Health Choice Pathway?

The counties in our service area are listed below.

Apache, Coconino, Gila, Maricopa, Mohave, Navajo, Pinal, and Yavapai.
