

NOTICE: 2022 Quarter 4 Treatment Capacity Survey

March 8, 2023

Dear provider,

Arizona Revised Statute §36-109 requires that each quarter, each hospital, health care facility and outpatient substance abuse treatment providers that provide substance abuse treatment submit to the Department the following information via survey.

Please find the survey link for Quarter 4 (October 1, 2022 to December 31, 2022) of Calendar Year 2022 below.

ADHS is requesting that your facility complete the survey no later than **March 20, 2023**:

Here is the survey link: https://adhs.co1.qualtrics.com/jfe/form/SV_0H6S2rAKIhFFmm

We recently switched survey platforms, from Survey Monkey to Qualtrics, so the appearance will be slightly different than in the past. You may notice a change in guidelines for the text boxes, so even if a question looks familiar, please read it and the instructions completely. We are expecting these small changes to make it easier and faster for you to participate.

The information you submit is important to assessing Arizona's progress in meeting the treatment needs of people throughout the state.

The information is analyzed and compiled into a quarterly report that is provided to the Governor, the Presidents of the Arizona House and Senate, and the Arizona Secretary of State's Office. The quarterly reports are also posted on the ADHS opioid website at <https://azhealth.gov/opioid> under the reporting tab.

If you have any questions or comments, please email mercedeh.reamer@azdhs.gov.

Thank you,
Health Choice Arizona Network Services
