Reimbursement Services

5 Minutes

Claims System Migration

Phased Approach

- HCA utilizes two claiming systems
- Full transition to a single claims system effective 10/1/25

Improve Provider Satisfaction

- Increase efficiency and our auto-adjudication rate
- Timely claims management
- Faster claims reprocessing

Next Steps

- No changes on claims submissions and reimbursement
- Future communication forthcoming

EviCore Provider Portal Migration

Portal Migration-Effective 2/1/2025

- EviCore currently accepts Radiology and Cardiology prior authorization requests for Health Choice Arizona members through the MedSolutions portal. Beginning February 1, 2025, these requests should be entered through the CareCore National portal at www.evicore.com.
- If a provider has an existing login, the same credentials are used for both portals and a new account does not need to be created.
- Any authorizations requested prior to February 1, 2025 can still be viewed on the MedSolutions portal, but ***as of February 1, 2025 all new requests must be created on the CareCore National portal*** as shown below

Reduction in Codes Requiring PA*

- All ultrasound codes including OB, cardiac echo, vein mapping, some imaging codes
- Starting March 1, 2025, pain management and maternal fetal specialist consultations will not require prior authorization
- Providers must select 'Health Choice Arizona' as the insurer and not 'Blue Cross Blue Shield of Arizona'.

Updated PA Grids

- Check CPT codes on our BCBSAZ Health Choice websites or through the provider portal
- [PA Guidelines | Health Choice AZ](#)
- [Prior Authorization Guidelines | Health Choice Pathway](#)

Reminders

- For out-of-network (OON) authorizations, the PA team will ask you to refer to an in-network provider. If there's a specific medical need for an OON provider, notate on request to avoid delays
- Include a reliable call-back number when completing PA request forms
- Use the Health Choice Provider Portal for prompt responses

CMS and Medicare Telehealth Extensions

The ARA (American Relief Act 2025) extended the following items until 3/31, 2025

- Geographic restrictions and originating sites like the patient's home
- Eligible practitioners including therapists, physical therapists speech language pathologists and audiologists
- Audio only telehealth services
- Extended telehealth services for FQHCs and RHCs
- Delayed in person requirements for mental health services
- Acute Hospital Care at Homes
- Telehealth flexibility allowing the home or temporary residence of an individual to serve as an originating site
- Telehealth Flexibility allowing a hospital to use remote clinician services in combination with in-home nursing services to provide inpatient level care in patient's home
- [Resource](#)

DEA: Controlled Substance Prescribing

- **Current Status:**

- The DEA extended COVID era telemedicine flexibilities for prescribing controlled substances through December 31, 2025, allowing DEA-registered practitioners to prescribe Schedule II-V medications via telemedicine without an in-person evaluation, provided certain conditions are met including:
 - That prescriptions are for legitimate medical purposes
 - Uses real-time audio-visual technology
 - The practitioner is authorized under their DEA registration.
- After a 17-year delay, the DEA unveiled a proposal to create a special registration for providers wanting to prescribe controlled drugs via telemedicine. The DEA may modify or withdraw their proposed rule because it is viewed as burdensome and complicated. However, comments are still open until 3/18.

DEA Proposed Telehealth Prescribing Rule

Special Telehealth Registration 3 Categories

- Telemedicine Prescribing Registration
- Advanced Telemedicine Prescribing Registration
- Telemedicine Platform Registration

Must have a DEA registration in each state they intend to prescribe in

Audio only rule

Practitioners would be permitted to prescribe Schedule III-V controlled substances approved by the U.S. Food & Drug Administration to treat opioid use disorder via telemedicine (currently limited to buprenorphine) through an audio-only visit. Audio-only visits would only be permitted if the practitioner has the capability to use audio-video, but the patient is either unable to use video or does not consent to it. However, unlike the final buprenorphine rule, treatment would need to be initiated through an audio-video visit, and the practitioner would need to have conducted at least one medical exam of the patient via audio-video. Prescriptions not meeting the criteria described above would only be able to be issued through an audio-video visit.

- **Schedule II Controlled Substances only if located in same state and must be less than 50% of total Schedule II prescriptions**
- **Must check PDMP for the last year for the state the patient is in, the provider is in, any U.S jurisdiction with PDMP reciprocity agreements with either of the states above**

AHCCCS Notice: Unauthorized Marketplace Health Plan Enrollment for Medicaid Members

Charlotte Whitmore – VP Medicaid Health Choice
– Network Services

Unauthorized Marketplace Health Plan Enrollment for Medicaid Members

The Centers for Medicare and Medicaid Services (CMS) and Department of Health and Human Services (HHS) issued a warning regarding [unauthorized Federally-Facilitated Marketplace \(FFM\) agent and broker fraud in the Health Insurance Marketplace](#). 

Contact Marketplace Call Center: **1.800.318.2596** (TTY: **1.855.889.4325**).

This can happen to anyone and involves enrollment in a Marketplace insurance plan without their knowledge. It is happening across the nation to consumers who have other health insurance coverage such as an employer-sponsored plan, Marketplace coverage, and Medicaid. Unauthorized enrollment for Medicaid members in a Marketplace health insurance plan can cause confusion, issues in accessing care, delays in receiving medical services, and unnecessary costs to members.

One key consideration is that Medicaid will become the secondary payor. Additionally, the member will not be eligible for Marketplace savings (i.e., subsidies) to help make a Marketplace plan more affordable. For these reasons, HHS encourages Marketplace members to end Marketplace coverage if they qualify for Medicaid. See if you qualify for AHCCCS by visiting:

<https://www.azahcccs.gov/Members/GetCovered/>

Suspect Fraud? Contact the Marketplace Call Center: **1.800.318.2596** (TTY: **1.855.889.4325**).

Warning Signs of Marketplace Fraud

- **Offering cash, gifts, or other perks, to enroll you in Marketplace or "Obamacare" insurance.** Federal authorities advise that you should never share your information with anyone offering cash, gifts, or other perks. The information you share could be used without your consent.
- **Requesting personal information when you did not contact them to try to steal your identity.** No one from the government will call or email you to sell an insurance plan or ask for personal identifying information. Be careful when giving out personal information (credit card, banking, or Social Security numbers).
- **Threatening legal action if you do not sign up for a plan.** High-pressure visits, mail solicitations, emails, and phone calls from people pretending to work for the government. Always ask for identification if someone comes to your door.
- **Sham websites.** Always look for official government seals, logos, or website addresses that end in ".gov."

! Alert: Unauthorized Agent and Broker Activity on ACA Marketplace

The Health Insurance Marketplace is seeing an increase in suspicious activity by some agents and brokers selling Marketplace coverage. This may include signing you up for coverage without your knowledge or switching you out of a plan you already have and into a new one.

Agents and Brokers are individuals and organizations that help enroll consumers in coverage and also get payments from insurance plans.

What you need to know to protect yourself

- Agents and brokers **must get your permission** when signing you up or making changes to your insurance plan.
- Health insurance ads on social media or elsewhere that offer you cash, gifts, or other perks, could be a scam. Don't give out personal information that might be used without your consent.
- Use trusted, official sources to find legitimate help comparing and enrolling in Marketplace insurance. Go to "find local help" on [HealthCare.gov](https://www.healthcare.gov) or call the **Marketplace Call Center at 1-800-318-2596** to find help in your area.

What to do if you suspect changes were made on your account

- You may discover a potential problem with your coverage when you get mail or a call, or visit the doctor and try to use your insurance.
- If you believe you were enrolled in or switched to a plan without your knowledge, call the **Marketplace Call Center at 1-800-318-2596 (TTY: 1-855-889-4325)** so our official Marketplace representatives can resolve any coverage issues. Wait times are low and a representative will be able to help answer your questions.

How the Marketplace can help

If the Marketplace representatives determine you have been enrolled or had your plan switched without your knowledge, our representatives can work with your insurer and the Internal Revenue Service (IRS) to:

- Make sure the unauthorized plan is cancelled
- Make sure you're reenrolled in a plan that you choose
- Have inaccurate costs repaid to you
- Get corrected tax forms

Minimum Subcontract Provisions (“MSPs”): Off-Shore Performance of Work Prohibited

Health
Choice

Effective 10/01/2021 End 09/30/2024

[MSPs100121.pdf](#)

18. OFF-SHORE PERFORMANCE OF WORK PROHIBITED

Any services that are described in the specifications or scope of work that directly serve the State of Arizona or its clients and involve access to secure or sensitive data or personal client data shall be performed within the defined territories within the borders of the United States. Unless specifically stated otherwise in specifications, this definition does not apply to indirect or “overhead” services, redundant back-up services or services that are incidental to the performance of the contract. This provision applies to work performed by Subcontractors at all tiers.

Effective 10/01/2024

[MSPs_100124.pdf](#)

New requirement in Red Font

27. OFF-SHORE PERFORMANCE OF WORK PROHIBITED

Any services that are described in the specifications or scope of work that directly serve the State of Arizona or its clients and **involve access to secure or sensitive data or personal client data shall be performed within the defined territories within the borders of the United States.** *No claims paid by the Contractor (Health Choice) to a network provider, out-of-network provider, Subcontractor, or financial institution located outside of the United States are considered in the development of actuarially sound capitation rates [42 CFR 438.602(i)]. **The term “data” as it relates specifically to this paragraph: means recorded information, regardless of form or the media on which it may be recorded. The term may include technical data and computer software.***

The term does not include information incidental to contract administration, such as financial, administrative, cost or pricing, or management information.

Understand the New Requirement and What To Do

- Conduct a thorough review of any potential off-shore activities or functions being performed for your organization by as subcontractor or an entity off-shore. If you are unsure, consult your legal counsel.
- Ensure all services involving access to secure, sensitive, or personal member/client data is performed within U.S.
- Review subcontractors to verify compliance with new AHCCCS requirement
- Eliminate off-shoring operations that violate the new AHCCCS requirement
- Train staff on Off-Shore Performance of Work Prohibited by AHCCCS
- Notify Health Choice and AHCCCS in writing of any services that are described in the specifications or scope of work that directly serve the State of Arizona or its clients and involve access to secure or sensitive data or personal client data ***not*** performed within the defined territories within the borders of the United States.

Provider Revalidation

A provider must revalidate enrollment of their provider id periodically to maintain Medicaid billing privileges. In general, providers are required to revalidate every four years. AHCCCS also reserves the right to request off-cycle revalidations.

As part of the revalidation process the provider is subject to the same screening and disclosures captured during the initial enrollment. Additionally, based on provider type the process could include an enrollment fee, site visit, and fingerprint criminal background check required as a part of the screening requirements.

Beginning November 2022, AHCCCS-Division of Member and Provider Services (DMPS) will begin notifying providers through the United States Postal Service mail who are required to revalidate their Medicaid id. The revalidation process will ascend over a 10-month period beginning in November 2022 through August 2023.

[Provider Revalidation Dates Spreadsheet](#) 

Note: If you don't see your name on the provider spreadsheet no further action is required.

What AHCCCS Providers Need to Know:

- Any provider who has not completed the revalidation process in the AHCCCS Provider Enrollment Portal (APEP) will be listed on the Provider Revalidation Spreadsheet, receive written notification, and have 90 days (about 3 months) to apply.
- The notification will include a temporary 14-digit application id number required to access the provider file for the first time.
- Providers who fail to respond to the request could experience delays such as termination and/or loss of billing privileges, access to AHCCCS Online Portal which is required to view and submit claims and prior authorizations.
- Providers with questions, those who are no longer participating as a Medicaid provider, and those no longer employed with an organization, are asked to contact APEPTrainingQuestions@azahcccs.gov

How Providers Can Complete the Revalidation Process

To begin your revalidation application today, login to your Existing Providers: [To access APEP Direct](#)

EPSDT Things to Remember

- A “sick visit” can be performed at the same time as a well-child visit if:
 - An abnormality is encountered, or a preexisting problem is addressed in the process of performing an EPSDT service and the problem or abnormality is significant enough to require additional work to perform the key components of a problem-oriented Evaluation and Management (E/M) service, and/or
 - The “sick visit” is documented on a separate note in the medical record.
- In-office capillary blood draws utilizing validated Clinical Laboratory Improvement Amendments (CLIA) waived testing equipment will be covered for in-network point of care EPSDT visits
- Most frequently missed question? The Verbal Lead Risk Assessment for members 6 months to 6 years
- Need forms? They can be found here: [AHCCCS Early and Periodic Screening, Diagnostic and Treatment Clinical Sample Templates](#) or ordered through us [EPSDT Request Clinical Sample Template!](#)
- Forms can be submitted via:
 - Email: HCHEPSDTCHEC@azblue.com OR
 - Fax: (480) 760-4716
- Please remember to include the child’s ID number (AHCCCS or HC) and your NPI
- Patient missed a visit? Submit weekly via log – we’ll help contact them for you!

DME Ordering Process

- We have expanded our DME provider network. Some new providers include:
 - Arizona Vascular Medical Equipment – compression devices/SCDs
 - Aveanna/Option 1 – non-WIC formula and enteral nutrition, incontinence supplies
 - MedOne – breast pumps, orthotics, incontinence supplies, augmentative communication devices
 - Rotech – respiratory supplies, standard wheelchairs, walkers, discharge items

Top DME Requests

- Oxygen
 - Concentrator
 - Portable
 - Wall
 - Tanks
 - Portable units
 - CPAP/BiPAP
- Mobility Devices
 - Walker
 - Seated walker
 - Wheelchair
 - Scooter/Personal mobility device (PMD)
 - Power Wheelchair

Ordering Oxygen

Common issues:

- Oxygen
 - Submitting clinical documentation to meet criteria for oxygen
 - Sats <88 room air
 - Must have a street address (not PO Box)
 - Incomplete prescription, ie. Continuous O2, O2 as needed, nighttime O2
 - Standard item is a wall concentrator (home) and O2 tanks (portable)
 - Additional documentation for portable or “mini” systems (may need a certain usage rate or duration)
 - 2 portable types are not permitted
 - Not identifying limits of equipment
 - Portable typically up to 3 liters per minute
 - CPAP/BIPAP
 - Need recent sleep study
 - New machine no more than every 5 years

Ordering Mobility Devices

Common issues:

- Order the piece of equipment that maximizes the member's functional ability within the home.
 - If the member can walk, a walker should be ordered.
 - Consider seated walker for longer distance, those who tire easily or equipment usage such as O2
 - If mobility is more limited, scale equipment to match their needs, such as a manual wheelchair, then scooter.
 - Only members with high levels of incapacitation may be eligible for a power wheelchair
 - A member may NOT receive both a walker for home and a wheelchair or scooter for community
- Incomplete prescription
 - Member is new to wheelchair level of support request an EVAL
 - This will determine the appropriate support based on the level of need
 - Once the eval has been completed, order the device which best supports member
 - Member with a mobility device
 - Is it a replacement? Wheelchairs are eligible for replacement every 5 years
 - Is it a repair?
 - Within one year under warranty
 - Under 5 years, request a repair work order
 - Over 5 years, weigh repairs needed with potential long term use
- Incomplete referral/prior authorization for devices beyond manual wheelchair
 - Recent face to face encounter
 - 7 element written order
 - Home evaluation
 - Documentation as to why less supportive equipment is not appropriate
 - Clinical documentation which supports the requested equipment
