

NOTICE: National Substance Use and Mental Health Services (N-SUMHSS) Survey

September 4, 2024

Dear Substance Use and/or Mental Health Treatment Facility provider,

We are writing to request your participation in the 2024 National Substance Use and Mental Health Services Survey (N-SUMHSS). This voluntary annual survey is sponsored by the Substance Abuse and Mental Health Services Administration (SAMHSA) and conducted by ICF, the contractor who will be conducting the 2024 N-SUMHSS data collection on SAMHSA's behalf.

The survey collects data from all known substance use and mental health facilities in the United States, its territories, and the District of Columbia. Your participation in the N-SUMHSS is critical to its success, ensuring a comprehensive snapshot of the substance use and mental health services in your area, while improving the understanding of the national treatment resource landscape.

Facilities participating in the N-SUMHSS may be eligible to be listed on FindTreatment.gov (<https://findtreatment.gov>), which may help potential clients you do not currently serve to reach you. In addition, by participating in the N-SUMHSS, your facility will be properly represented in analyses and reports describing substance use and mental health treatment in the United States.

We urge you to complete this survey promptly. The survey should be completed by you or another person knowledgeable about your facility's daily operations.

For more information on this survey, please visit <https://info.nsumhss.samhsa.gov>.

If your facility no longer provides substance use or mental health services, has had an address change, or if you have any questions about the survey, please call the N-SUMHSS helpdesk at **(833) 302-1759** or send an email to ICFsupport@nsumhss.org.

Thank you very much for your participation in this important effort.
