

NOTICE: 2026 Arizona Association of Health Plans (AzAHP) Forms

February 3, 2026

Dear Provider,

The Arizona Association of Health Plans' (AzAHP) Credentialing Alliance has released updated AzAHP forms for 2026. Our Credentialing team is now accepting the **2026 AzAHP forms**. These forms, along with a current and attested CAQH profile, are required for all initial credentialing submissions. **Previous versions will not be accepted after March 9, 2026.**

Please note that processing delays may occur if: your CAQH application is not currently attested, required information is missing, and/or disclosure questions are answered incorrectly

Provider Portal – Fastest Way to Submit Credentialing Requests

The quickest submission method is through the Provider Portal by completing the AzAHP Practitioner Data form under: **Provider Tools → Provider Demographic Request/Electronic Credentialing – AzAHP Practitioner Data Form.**

All forms submitted via the portal are automatically routed to the appropriate Credentialing or Contracting department. Providers may also print or save AzAHP forms as PDFs for their records.

- Health Choice Pathway: <https://www.azblue.com/health-choice-pathway/providers/provider-overview>
- ACA Standard Health with Health Choice: <https://www.azblue.com/health-choice-pathway/providers/provider-overview>

Important: Credentialing and Network Contracting are two separate processes. There must be **both** an executed agreement and a completed credentialing event before a practitioner or facility can provide services to Health Choice members. Once credentialing is approved, our Credentialing Department will issue an initial approval letter for each practitioner or facility.
