

# **NOTICE:** Get Connected to Complete Data Through the Arizona HIE – New Financial Incentive Program

June 13, 2022

Dear provider,

Since 2007, healthcare organizations have partnered with Health Current, Arizona's Health Information Exchange (HIE), to access the information they need to make better clinical decisions and keep people healthy.

These key benefits include:

- One connection to save time and resources
- New patient information
- Timely information to coordinate care
- Secure communication

Creating connections. Improving lives:

- Real-time alerts when your patients are admitted or discharged from the hospital
- Better coordination of patient care teams through secure electronic sharing of messages, notes and records
- New patient records and labs only a few clicks away

## ***A New Financial Incentive Program to Encourage Data Sharing with the Arizona Health Information Exchange (HIE)***

Health Current, a Contexture organization, is pleased to introduce a new financial incentive program for select AHCCCS providers participating in the Arizona HIE to encourage data sharing. More data available to the HIE community gives participating providers a more complete picture of their patients, increasing their ability to deliver the right care to the right patient at the right time. The new program also serves as a financial tool to offset costs incurred by organizations in establishing the interface for sending data to the Arizona HIE. Ultimately, sharing data with the HIE not only benefits the greater community, it's also good for your organization's bottom line.

To join, contact your Arizona HIE account manager today or learn more at <https://healthcurrent.org/programs/ahcccs-programs/data-supplier-incentive-program/>.
