Section 1 – Introduction

This directory provides a list of BCBSAZ Health Choice Pathway's network providers.

Choosing your Primary Care Provider (PCP)

You will have to choose one of our network providers listed in this directory to be your Primary Care Provider (PCP). Generally, you must get your health care services from your PCP. Your PCP will be involved in the overall management of your health, including routine checkups. This provider will be your main point of contact for much of your healthcare. Your PCP is often involved in your care for a long time, so it is important to select someone with whom you're comfortable.

The network providers listed in this directory have agreed to provide you with your health care/vision/dental services. You may go to any of our network providers listed in this directory; however, some services may require a prior authorization and/or a referral to see specialists. If there is a particular specialist or hospital that you want to use, check first to be sure that your PCP can make referrals to that specialist or hospital. A referral is a written order from your PCP to see a specialist or receive other medical services. If you do not get a referral you may have to pay for these services yourself. Other providers are available in our network. For more information on prior authorizations and referrals, please refer to the Evidence of Coverage (EOC), Chapter 4, Section 2.1.

If you get a bill

If you receive services from out-of-network providers, you may get billed directly. Do not pay this bill. Please keep a copy for your records and mail the original statement to BCBSAZ Health Choice Pathway for processing and determination of your liability, if any. For more information, please refer to the EOC in Chapter 7.

Getting care if you have a medical emergency or an urgent need for care

Emergency care can always be obtained in or out of the service area from the nearest available provider. When you receive emergency or urgently needed care from a provider who is not a part of our network, you are only responsible for paying for your share of the cost, not the entire cost. You should ask the provider to bill the plan for our share of the cost, not the entire cost. If you have received a bill from a non-contracted provider, send us the bill and any documentation of any payment that you have made. It is also a good idea to make a copy of your bill and receipts for your records. For more information, please refer to the EOC in Chapter 7.

You must use network providers except in emergency or urgent care situations or for out-of-area renal dialysis or other services. If you obtain routine care from out-of-network providers, neither Medicare nor BCBSAZ Health Choice Pathway will be responsible for the costs.

What is the service area for BCBSAZ Health Choice Pathway?

The counties in our service area are listed below.
